**TUESDAY 11th DECEMBER 9.00 AM**  
**TEATRO COMUNALE - PIANCASTAGNAIO**

## **GEO-DH PROJECT**

*Opportunities and development  
of geothermal district heating*

# **PROGRAM** **ITALIAN WORKSHOP**

*Workshop is willing to offer a significant opportunity of exchange of  
views between geothermics and district heating experts and all  
involved subjects in realization and management of geothermal  
district heating*

**9.00-9.15** Registration and opening of meeting - *CoSviG*

**9.15-9.30** *Greetings from Piancastagnaio Mayor*

**9.30-9.50** Introduction to GEO-DH Project – *Luca Angelino, European Geothermal Energy Council (EGEC)*

**9.50-10.15** The potential of geothermal district heating in Europe - *Jacques Varet, French Geological National Service (BRGM)*

**10.15-10.35** International and european state of the art on thermal and geothermal energies valorisation technologies - *Sauro Filippeschi, University of Pisa*

**10.35-10.55** District Heating development projects - *Carlo Piemonte, Informatics Services and Advanced Technologies (SINTEA)*

**10.55** *Coffee break*

**11.10-12.00** The point of view of companies involved in district heating projects:

French companies involved in geothermal district heating - *Christian Boissavy, French Association of Geothermics Professionals (AFPG)*

Italian companies involved in geothermal district heating - *Fausto Ferraresi, HERA*

Tuscan companies involved in geothermal district heating - *Roberto Amidei, Geo Energy Service (GES)*

**12.00-12.40** Tuscan Municipalities contributions:

Montieri, a district heating in progress, *Marcello Giuntini*

Pomarance, management and technical advancement of district heating, *Loris Martignoni*

Santa Fiora, the Mount Amiata experience of a district heating management, *Renzo Verdi*

**12.40-13.00** Question time

**13.00** *Lunch Time*

**14.30-16.00** Round Table and discussion on barriers that hinder geothermal district heating on a national basis:

*Alessandro Sbrana, University of Pisa*

*Valentina Marino, Politecnico of Torino*

*Giuseppe Forte, Municipality of Pisa*

*Cristina Nati, Geo Energy Service (GES)*

*Francesco Rizzi, Sant'Anna Superior School (SSSUP)*

*Fausto Ferraresi, Italian Association for Urban Heating (AIRU)*

*Piero Ceccarelli, Consortium for Geothermal Areas (CoSviG)*

**16.00-16.15** Question Time

**16.15-16.30** GEO-DH Next steps - *Loredana Torsello, CoSviG/ENERGEA*
